

High Frequency Internal Vibrators With Integrated Electronic Micro-Converter

MINT High Frequency Internal Vibrators With Integrated Electronic Micro-Converter

MEKV
(Mint)

- Direct connection to 230 V
- Light weight, easy handling
- High centrifugal force
- Nominal frequency
12.000 min⁻¹
- Long operating hour
of the bearings
- Voltage 230 V, 50/60 Hz,
1 phase
