

High Frequency Internal Vibrators With Integrated Electronic Micro-Converter

MINT High Frequency Internal Vibrators With Integrated Electronic Micro-Converter

MEKV
(Netter)

-  Direct connection to 230 V
-  Light weight, easy handling
-  High centrifugal force
-  Nominal frequency
12.000 min⁻¹
-  Long operating hour
of the bearings
-  Voltage 230 V, 50/60 Hz,
1 phase
